

PREQUALIFICATION

**No impact to
their credit score.
Easy for them.
Easy for you.**

Your patients can see if they prequalify for the CareCredit credit card on their own device—anytime, anywhere.

With a real-time prequalification check, they can apply with confidence and upon approval, take advantage of financing options to accept your recommended care.

Patient Benefits

- **Helps reduce barriers.** When they check if they prequalify it's a soft inquiry, which won't affect their credit score.
- **Delivers a quick response.** They receive a decision in real-time on their own device.
- **Enables them to come prepared.** They can arrive with a way to pay for recommended care.

Provider Benefits

- **Makes financial discussions easier.** Have more comfortable cost conversations without the need to share credit denials.
- **Allows you to focus on care.** Patients can access a self-guided financing experience through your custom link.
- **Helps increase treatment acceptance.** Provide a positive financial experience that can help patients feel comfortable moving forward with a convenient way to pay.

Great for individuals who are:

- Interested in learning if they are likely to be approved without impacting their credit score.
- Curious about eligibility but are not yet ready to commit.

How it works:

- 1. Initiate**
Your patients or clients can get started through your [custom link](#), [QR code](#) or on [carecredit.com](#).
- 2. Verify**
They simply enter the last four digits of their Social Security number and mobile phone number, then follow the prompts.
- 3. Prequalify**
Their identity is verified through a soft inquiry that doesn't impact their credit score, and then they may receive a prequalification offer for the CareCredit credit card.
- 4. Respond**
If they prequalify, they can accept the offer and submit an application in just a few clicks, which triggers a hard credit bureau inquiry, and a credit decision is made.
- 5. Pay**
Approved cardholders can use their new CareCredit credit card account to pay for recommended treatments or procedures right away.
